THE **Rubinet** FAUCET COMPANY

## ASSEMBLY INSTRUCTION

**4DHX0 or 4MHX0**

TEMPERATURE CONTROL VALVE WITH BUILT-IN STOPS

**4DHX0 (3/4" valve )**

**4MHX0 (1/2" valve )**

#### REMOVAL OF FIXTURE:

Always turn the water supply off before removing the existing fixture or disassembling a valve. Open all fixture handles to relieve water pressure and to ensure that the water has been successfully turned off.

#### CARE OF FIXTURE:

The use of warm water and a soft cloth is all that is required to clean Rubinet products. The patina of our living finishes (Oil Rubbed Bronze & Tuscan Brass) will change as a result of normal use. Applying Mineral Oil on occasion will create a softer look, subtle color changes and character.
