

**INSTALLATION MANUAL - GUIDE D'INSTALLATION**

**B036**

Please keep this manual and product code number for future reference and for ordering replacement parts if necessary.

*Veillez conserver ce manuel et le code de produit pour des références futures, et au besoin, la commande de pièces de rechange.*

#### GENERAL INSTRUCTIONS

- Read this manual carefully and completely before proceeding.
- It is recommended that you wear safety glasses at all times during the installation.

#### NOTICE

- Caulking: no sealant is required inside the shower, unless otherwise stated.
- Some models are equipped with clear sealing gaskets.

#### CARE FOR YOUR SHOWER DOOR

- Never use scouring powder pads or sharp instruments on metal pieces or glass panels. An occasional wiping down with a mild soap diluted in water is all that is needed to keep the panels and aluminum parts looking new.
- We recommend wiping the glass panels with a squeegee after each use.

En

#### INSTRUCTIONS GÉNÉRALES

- Lire attentivement et complètement le manuel d'installation avant de procéder.
- Il est recommandé de porter des lunettes de sécurité en tout temps lors de l'installation.

#### NOTE

- Calfeutrage: aucun scellant n'est nécessaire à l'intérieur de la douche.
- Certains modèles sont dotés de joints d'étanchéité clairs.

#### L'ENTRETIEN DE VOTRE DOUCHE

- Ne jamais utiliser de poudre ou de tampon à récurer, ni d'instrument tranchant sur les parties en métal ou en verre. De temps à autre, il suffit de nettoyer la porte avec une solution d'eau et un détergent doux pour conserver l'aspect neuf des panneaux de verre et du cadre en aluminium.
- Nous recommandons de passer une raclette de douche sur les panneaux de verre après chaque utilisation.
