

Tru-Temp Rough-In Valve

MODEL # 3001-RIV-PB-BN,

3001-RIV-PB-CH, 3001-RIV-PB-ORB

GENERAL DESCRIPTION

PULSE ShowerSpas introduces the Tru-Temp Pressure Balance Rough-In Valve and Trim Kits! This valve utilizes a pressure balancing mixing cartridge to ensure constant water temperature in response to changes in water pressure (e.g. flushing a toilet). The valve also comes equipped with an adjustable Hot Limit Safety Stop to reduce risk of scalding. The convenient Plaster Guard is to be used as a guide during installation.

Available in chrome, brushed-nickel, and oil-rubbed bronze finishes, these pair beautifully with many of our retro-style models including the Kauai, Lanikai, Splash, Bonzai, Aqua Rain, Aloha, Pacifica, Shangri-La, and NatureRain.

PRODUCT FEATURES

- Brass Valve Body: Durable - Quality that will last. Ideal material for prolonged contact with water
- Brushed Nickel, Chrome, or Oil-Rubbed Bronze trim finish
- Pressure Balancing Valve Cartridge: Maintains constant temperature output in response to changes in relative hot and cold supply pressure
- Adjustable Hot Limit Safety Stop: Limits the amount of hot water allowed to mix with the cold. Reduces the risk of accidental scalding.
- Plaster Guard: Plaster guard is designed to serve as a mounting guide for installation
- Tub Spout Cap: Used to plug pipe leading to tub spout assembly if you have a shower model with no tub spout

SPECIFICATIONS

- 1/2" Pressure Balance Rough-In Valve w/ integrated stops and ceramic disc cartridge
- Universal fittings - 1/2" IPS threads or CC connection
- Four anchor points to secure valve to wall

WARRANTY

- Manufacturer's three year limited warranty
